WQA AQUATECH USA PRESS RELEASE

FOR IMMEDIATE RELEASE — MARCH 22, 2011

International association honors local resident Peter Cartwright , PE, CWS-VI Earns Lifetime Member Award for commitment to quality water treatment

Lisle, Illinois USA — The Water Quality Association presented Minneapolis, Minnesota business leader Peter Cartwright, PE, CWS-VI, of Cartwright Consulting Company the Lifetime Member Award at its annual convention and trade show in San Antonio, Texas this month.

WQA has more than 2,500 members, consisting of individuals and companies in the water treatment industry. Awards were presented at WQA Aquatech USA, an annual event that attracts thousands of participants from around the world.

The award is given for “exemplary service to the association and knowledge and accomplishments in the field of water quality.” WQA stated: “Peter is a tireless writer and lecturer. He has presented more than 150 lectures in conferences around the world. He has trained people in all areas of water treatment, ranging from basic water chemistry to advanced treatment technologies. He is also regularly engaged as a legal expert in many legal cases. Peter has had a long relationship with WQA, first as an exhibitor, then for many years, as a presenter at our annual conference. As an entrepreneur and patent holder, Peter has been operating his successful consulting company for more than 30 years. Yet, he has always made time to serve others in the industry.”

The Water Quality Association is a not-for-profit international trade organization representing the residential, commercial, and industrial water treatment industry. Its membership consists of both manufacturers as well as dealers/distributors of equipment. WQA is a resource and information source, a voice for the industry, an educator of professionals, a laboratory for product testing, and a communicator with the public.
